

Georgia District NextGen Missions Tour

In an effort to align with the vision of our Superintendent for synergy throughout our district, GA KidMin and Georgia Youth Ministries are partnering together to inspire compassion and generosity in the next generation of children and students. Although GA KidMin and Georgia Youth Ministries are distinctly different in scope of ministry, our goal is to show every leader, student, and child that BGMC and Speed The Light complement each other by working hand in hand to provide missionaries with the valuable tools and critical resources they need to fulfill the Great Commission.

In lieu of separate youth and KidMin tours, we are excited to announce our brand new NextGen Missions tour for the week of February 15-19, 2021 with special guest speakers Eric Hoffman, National STL Director, and David Boyd, National BGMC Director. This tour is especially for all lead pastors as well as those who lead ministries to youth and/or children. Each individual tour stop includes a FREE meal and a Meet & Greet with our National Directors as they share their heart for how BGMC and STL can have maximum impact and effect when working together. Joe Banks, Georgia DYD, and Russell Smith, GA KidMin Director, will also share vital information on what NextGen Missions will look like for the Georgia District.
